Ohio's State Opioid and Stimulant Response (SOS) Grant: Create an OHID, Add Multi-factor Authentication, and Request Access to SOR/SOS iPortal

Step 1 – Create an OHID
See this set of resources from OhioMHAS on how to create an OHID:

https://mha.ohio.gov/help-center/it-support/ohid/01-create-an-account

Step 2 – Add multi-factor authentication to OHID

See this set of resources from OhioMHAS on how to add multi-factor authentication:
https://mha.ohio.gov/help-center/it-support/ohid/02-multifactor-authentication-mfa

Step 3 – Request access to SOR SOS (State Opioid and Stimulant Response) app

a) Go to URL: apps.mha.ohio.gov

b) Click **Request Access to an Application**
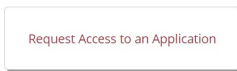

c) Select **SOR SOS (State Opioid and Stimulant Response)** from the drop-down
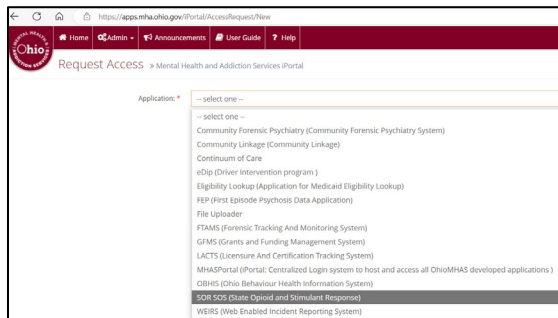

d) Select a **Role** from the drop-down list. There are two choices of roles:

SOS Behavioral Health User – reserved for supervisors
SOS Collector – most users (e.g., GPRA interviewers and data entry staff)

e) Select your **Organization** from the list.

If you do not see your organization's name on the list, click on "my organization isn't in the list" and you will be prompted to enter your **organization's Tax ID**.

f) Click **Submit**

The SOR/SOS iPortal will display a successful submission message and the request will have been sent to OhioMHAS admin. You should receive a copy of the email request.
